

Minutes of the meeting of the Quality and Patient Safety Committee of the Board of Directors of the Cook County Health and Hospitals System held Tuesday, September 20, 2011 at the hour of 12:00 P.M. at 1900 W. Polk Street, in the Second Floor Conference Room, Chicago, Illinois.

I. Attendance/Call to Order

Chairman Ansell called the meeting to order; however a quorum was not present. The Committee continued to receive information until approximately 12:42 P.M.; at this time, a quorum was reached, and the Committee began to consider the items presented.

Present: Chairman David Ansell, MD, MPH and Director Luis Muñoz, MD, MPH (2)

Mary Driscoll and Pat Merryweather (Non-Director Members)

Absent: Director Hon. Jerry Butler (1)

Additional attendees and/or presenters were:

Barbara Farrell – System Director of Quality and Patient Safety

Claudia Fegan, MD – System Interim Chief Medical Officer

David Goldberg, MD – John H. Stroger, Jr. Hospital of Cook County

Helen Haynes – Office of the System General Counsel

Anwer Hussain, DO – Oak Forest Hospital of Cook County

Irene Marks - Ambulatory and Community Health Network of Cook County

Enrique Martinez, MD - Ambulatory and Community Health Network of Cook County

Terry Mason, MD – System Interim Chief Executive Officer

Irv Pikelnny – Ambulatory and Community Health Network of Cook County

Deborah Santana – Secretary to the Board

Pierre Wakim, MD – Provident Hospital of Cook County

II. Public Speakers

Chairman Ansell asked the Secretary to call upon the registered speakers.

The Secretary called upon the following registered public speakers:

1. George Blakemore Concerned Citizen
2. Lynda DeLaforge Co-Director, Citizen Action/Illinois

III. Report from System Interim Chief Medical Officer

Dr. Claudia Fegan, System Interim Chief Medical Officer, provided an update on wind-down activities at Oak Forest Hospital. One of these activities is the orderly wind-down of medical staff; efforts are being made to ensure that the physicians who were previously credentialed only at Oak Forest Hospital will be credentialed at either Provident Hospital or Stroger Hospital.

Dr. Fegan noted the challenges that the System faces with regard to the budget this year. She stated that, as a result, they will use this as an opportunity to review and re-engineer the framework for quality for the System. By simplifying and streamlining the reporting process, she stated that they hope to improve and refine the quality reporting.

IV. Report from System Director of Quality and Patient Safety (Attachment #1)**A. System Quality and Safety Dashboard****i. Quality report from the Ambulatory and Community Health Network of Cook County**
(Attachment #2)

Barbara Farrell, System Director of Quality and Patient Safety, reviewed the System Quality and Safety Dashboard. Included in the information was an update on the Emergency Department transfers from Provident Hospital to Stroger Hospital, and an update on the Emergency Department transfers from Oak Forest Hospital to Stroger Hospital during the period of June through August 2011.

Chairman Ansell inquired whether the roll-up core measure score can be provided in the future. Ms Farrell responded affirmatively; she stated that this will be included the next time this report is presented. Additionally, the Committee discussed the subject of measures regarding pneumococcal vaccinations; it was noted that the scores usually increase when the vaccine is administered at patient admission, rather than at discharge.

Chairman Ansell requested that an update be provided in the near future, on the System's plans with regard to the subject of meaningful use and the opportunity to tie government dollars to performance, by representatives from Information Technology.

The following individuals presented the quality report from the Ambulatory and Community Health Network (ACHN): Dr. Enrique Martinez, Irv Pikelnny and Irene Marks. The Committee reviewed and discussed the information.

Ms. Driscoll asked why Fantus Clinic and Stroger Hospital specialty clinics' data was not included. Dr. Martinez responded that they were not included because their metrics are a bit different from the other ACHN clinics. Chairman Ansell requested that the Committee receive an update regarding Fantus Clinic and the Stroger Hospital specialty clinics at the next meeting.

The Committee received and filed the report.

V. Recommendations, Discussion/Information Items**A. Reports from the Medical Staff Executive Committees****i. Provident Hospital of Cook County** (Attachment #3)
ii. John H. Stroger, Jr. Hospital of Cook County

Dr. Pierre Wakim, President of the Executive Medical Staff of Provident Hospital of Cook County, presented his report for Provident Hospital. Included in the report was an update on the following: transfers (including a total for obstetrics transfers) for the month of August; average wait time for the Emergency Department for the month of August; Left Without Treatment (LWOT) Percentage for August; update on the Bud Billikin Parade; and a reminder regarding hospital training for ACLS and PALS. Additionally, Dr. Wakim stated that there is an upcoming Joint Conference Committee Meeting scheduled for October 12th.

V. Recommendations, Discussion/Information Items**A. Reports from the Medical Staff Executive Committees (continued)**

Dr. Anwer Hussain, President of the Executive Medical Staff of Oak Forest Hospital of Cook County, presented an update on the transition activities related to Oak Forest Hospital. He stated that on September 1st, it has become an immediate care center; this means that, in an emergency, ATI (ambulance transportation company with whom the System contracts) or 911 is called, depending on the situation. He noted that every 911 phone call costs a patient approximately \$1,100, so staff is very careful in determining whether to call ATI or 911. Additionally, Dr. Hussain stated that there are other related issues; he indicated that discussions are being held with the Village of Oak Forest, as the Village is currently not responsible for 911 services for the clinic areas.

Dr. Hussain thanked the System leaders for their support, feedback and guidance. Chairman Ansell thanked Dr. Hussain for his leadership and ability to manage through this transition.

Following Dr. Hussain's report, Chairman Ansell stated that there are metrics relating to the Oak Forest transition that should be reported to the Committee on a regular basis. He asked Dr. Hussain to work with Ms. Farrell to develop a report of these measures. Dr. Mason noted that the System is required to report back to the Illinois Health Facilities and Services Review Board on several issues. He requested that the following be included in the metrics related to the Oak Forest transition: the number of patients who were treated, discharged and transported back to Oak Forest from Stroger Hospital. Chairman Ansell also requested that an update be provided, perhaps in November, on the Regional Outpatient Center.

Dr. David Goldberg, President of the Executive Medical Staff of John H. Stroger, Jr. Hospital of Cook County, presented his report. He stated that, on some of the Medical/Surgical units, doctors and nurses are starting to round together; they have designated times where they are starting to talk with one another about patients that they share. Additionally, Dr. Goldberg noted that the first Schwartz Rounds were recently held on-site.

VI. Action Items**A. Minutes of the Quality and Patient Safety Committee Meeting, July 19, 2011**

Director Muñoz, seconded by Chairman Ansell, moved to accept the Minutes of the Quality and Patient Safety Committee Meeting of July 19, 2011. THE MOTION CARRIED UNANIMOUSLY.

B. Draft 2012 Quality and Patient Safety Committee Meeting Dates (Attachment #4)

Director Muñoz, seconded by Chairman Ansell, moved to approve the draft 2012 Quality and Patient Safety Committee Meeting Dates. THE MOTION CARRIED UNANIMOUSLY.

C. Any items listed under Sections V, VI and VII

VII. Closed Session Item

A. Medical Staff Appointments/Re-appointments/Changes (Attachment #5)

Note: the Committee did not recess the regular session and convene into closed session.

Director Muñoz, seconded by Chairman Ansell, moved to approve the Medical Staff Appointments/Re-appointments/Changes. THE MOTION CARRIED UNANIMOUSLY.

VIII. Adjourn

Director Muñoz, seconded by Chairman Ansell, moved to adjourn. THE MOTION CARRIED UNANIMOUSLY AND THE MEETING ADJOURNED.

Respectfully submitted,
Quality and Patient Safety Committee of the
Board of Directors of the
Cook County Health and Hospitals System

ACHN Time Study for Patient Flows

Enrique Martinez, MD

Method: Data Collection

- Performed over a two week period from 3/21/11 to 4/1/11.
- Did it for AM and PM session, to capture different appointment times.
- At least 10 patients on the given study day.
- Pts were selected systemically from the consecutively registered patients, such as every 3th or 5th pts depending on the clinic volume on the study days.
- The staff (clerks, nurses, doctors) filled out the times at each stop point for the patients.
- Data collection form has both English and Spanish version.
- Each clinic studied at least 50 pts.

Data Collection Form: English

ACHN Clinic Patient Flow Analysis for Clinic _____

(Dear patient: Please give this paper to the clerk, nurse, and doctor to fill out, so we can determine how we are doing to serve you better, and work to improve clinic flow and reduce wait times. Please leave the form with the clerk when you check out. Thank you.)

Age of patient _____ Time of appointment: ____:____(hh:mm)

Reason for visit (please check):

a) To see doctor/provider ____ b) Lab ____ c) Nurse visit ____

Hour : Minute

1. Time of arrival in clinic: ____ : ____
2. Time of start of registration: ____ : ____
3. Time of start of nursing intake / vital signs: ____ : ____
4. Time of start of seeing doctor or provider: ____ : ____
5. Time to exit clinic / check out: ____ : ____

Please check if pt received any of the services below:

Vaccination ____, Lab ____, Social work ____, Dietitian / Nutrition ____

Data Collection Form: Spanish

(Estimado paciente: Por favor dele este papel a la recepcionista, enfermera, y doctor que vea hoy, para poder evaluar que tantas esperas tenemos en esta clínica, y así podremos trabajar para reducir su espera en la clínica. Por favor deje la forma con la recepcionista cuando usted salga de la clínica.)

Edad del paciente _____ Hora de la cita: ____:____

Cual es la razón de su visita? (por favor marque): a) Ver a un doctor ____

b) Laboratorio ____ c) Ver a la enfermera

Hour : Minute

1. A que hora llegó usted a la clínica: ____ : ____
2. A que hora se empezó a registrar: ____ : ____
3. A que hora empezó a ver la enfermera: ____ : ____
4. A que hora empezó a ver al doctor: ____ : ____
5. A que hora lo vió la recepcionista al salir: ____ : ____

Por favor marque si usted recibió los siguientes servicios:

Vacuna ____, Laboratorio ____, Trabajadora social ____, Dietista o nutricionista ____

Measurement and Analysis

- The measurement unit is “minutes”
- SPSS 17 were used to analyze the time interval between each clinical tasks and the beginning (arrival) to ending (discharge) points.
- Descriptive analysis including mean, standard deviation, minimum, maximum and range were calculated.

ACHN Patient Flows: Arrival to Discharge

Discussion

- This study is the first step of using scientific management for work system improvement.
 - Data collected provided useful info to identify the bottle neck on patient flows.
 - The wait to see the provider is the longest.
 - The leadership at each clinic will be asked to evaluate their results, involve their staff, discuss solutions, and implement.
 - The study will be repeated several times per year, to track improvement.
 - Follow up study using time-motion method will be a useful mechanism to establish standard times for each of the clinical task and improving work flows.
- 

Summary of Flow Improvement Opportunities

- Best overall flow times: Vista and Oak Forest.
 - Clinics with longest total waits: Sengstacke, Cottage, Logan, and Near South.
 - Registration flow improvement needed at: Near South and Prieto.
 - Nursing flow improvement needed at: Austin, Logan, Sengstacke, and Cottage.
- 

Summary (contd.)

- Provider wait improvement needed at: Cottage, Logan, Near South, and Sengstacke.
- Discharge wait improvement needed at: Sengstacke, Englewood, Logan, and Cicero.

Quality and Patient Safety Committee Meeting at Stroger

**Pierre E. Wakim, D.O.
President of the Medical Staff at PHCC
Chairman of the Emergency Medicine Department
Summary Report**

Tuesday, September 20, 2011

Agenda

- I. Transfers for the month August**
 - Total = 135**
 - OB = 9**

- II. August Wait Time for the Emergency Department**
 - Avg. = One hour and fifty-five minutes for a bed (Quick Registration to ED Bed)**
 - Avg. = Five hours and fifteen minutes for LOS for all ED patients discharged. (Quick Registration to Discharged)**

- III. LWOT Percentage for August = 9%**
 - Total Volume = 3,365**
 - Total LWOTs = 315**

- IV. Bud Billiken Parade (August 13, 2011)**
 - Hospital participated**
 - No unusual events reported**

- V. Disaster Preparedness – Review of Emergency Operations Plan (Reflecting Present Procedural Changes)**

- VI. Reminder – Hospital Training**
 - ACLS – September 17 & 18, 2011 (Saturday & Sunday)**
 - PALS – October 15 & 16, 2011 (Saturday & Sunday)**

- VII. Oak Forest Hospital Update**
 - Urgent Care Approval (September 1, 2011)**
